

## 2<sup>nd</sup> EVANGELISTIC WEEK 2023 (Class I – X)

For the past 1-year Easton Hall School have been organising Evangelistic Week for the students from 2022. Although there has been devotion programme with students in the year 2020 in which the students discuss about their spiritual life with teachers. The 1<sup>st</sup> Evangelistic Week 2022 was also a success through the week many of the student's attained salvation and were ready to accept Christ as their Saviour.

Learning about everything on the earth from A – Z, the mountains and plains, the sky and the oceans, what's beneath the earth etc. are some common teachings a school teaches. Easton Hall School not only teaches about everything on the earth but also cares about their students' spiritual well-beings. The school may have conducted Evangelistic Week in 2022 but this year the 2<sup>nd</sup> Evangelistic Week 2023 was organised again. The main purpose of this week was to let the students know that not only earthly knowledge is enough but also their spiritual knowledge is also as much of an importance.

The 2<sup>nd</sup> Evangelistic Week 2023 was conducted for 3 days i.e. (15<sup>th</sup> – 17<sup>th</sup> March 2023). The Evangelistic Week was divided into two parts i.e., the lower section (Class I -III) and upper section (Class IV- X). Each day was divided into two session each. The venue used for the Lower section was within the school campus strated from 15<sup>th</sup> – 17<sup>th</sup> March and the Speaker was Miss Nianglienting. And for Upper section, BCD Hall, EBCC Pethuel started from 15<sup>th</sup> – 17<sup>th</sup> March and the Speaker was Sir Muan Haulai (SOII Director).

Within these 3 days almost 200 students attained salvation through their words. The students enjoyed the Evangelistic Week as much as attaining Christ as their Saviour. It was by the Grace of God that the programme was successful without any disturbance.

## TRAINING PROGRAM FOR ANEMIA MANAGEMENT

The District Helath Society / NHM Churachandpur has initated a training programe, Anemia Mukytt Bharat (AMB) under the theme "Anemia Free Manipur". The training programme was conducted on the 16<sup>th</sup> March of 2023 specifically for private schools where in Miss LK and Miss MM had attended as a representative for our school.

The training covered various aspects of anemia, including its causes, symptoms and preventive measures. Tackling the problem of anemia in our district is the major aim of the program, which is expected to have a significant impact on the health of the population, particularly in schools and reduce the prevalence of anemia.

## INAUGURATION OF EASTONIAN EMBLAZON

The Eastonian Emblazon, the school newsletter of Easton Hall School, was officially inaugurated on 3<sup>rd</sup> March 2023. The ribbon-cutting ceremony was conducted during the morning assembly by the Chairman of the School Management Committee. Sir Thanglalmuan Hauzel, SMC, gave a short speech on the importance of newspaper and urged the students to develop this habit of reading. The students and faculty members were delighted to witness this historic moment.

## HSLC EXAMINATION 2023

Easton Hall School's Class X Students have started giving their High School leaving Certificate (HSLC) examination which began on the 16<sup>th</sup> of march 2023 and will continue until 3<sup>rd</sup> April 2023. A pastoral prayer was conducted by Pastor Kamchinmang to bless the students and pray for their success in the exam. The exam is an important milestone in the students' academic journey, and they are leaving no stone unturned in their preparations. The school is proud of its students for their hard work and wishes them all the very best.

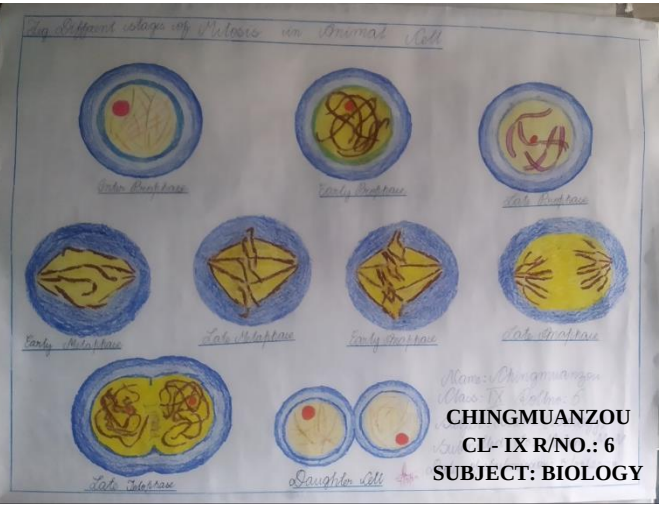

## IMMUNIZATION ON TD (Tetanus- Diphtheria)

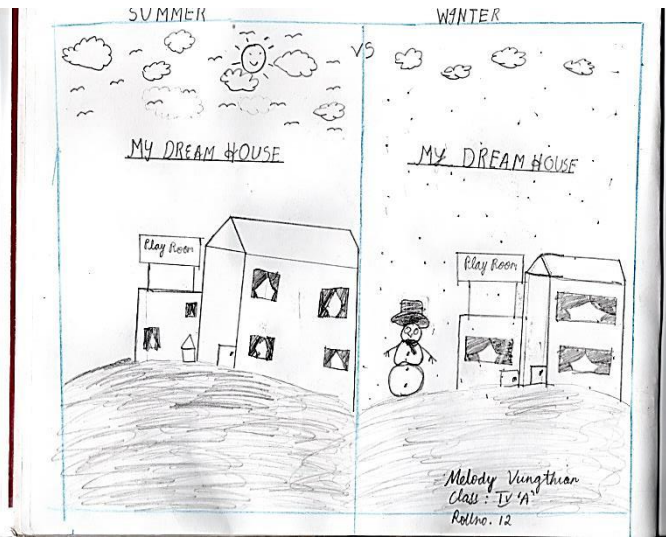

The Health of the students is as much of an importance as their studies. The school held an Immunization Day for the Students whose age were between 10 – 16 years. The TD vaccination was held in the School on 14<sup>th</sup> March 2023 by the DIO/DFWO of Churachandpur. The TD vaccine helps prevent tetanus and Diphtheria. Tetanus enters the body through cuts or wounds and Diphtheria spreads from person to person. As we all know children in this stage of life is very active and are often seen to be around their friends more often. This vaccine plays a crucial role in the life of these children in this age group as they are active they might get into some kind of accident one way or another. The school cares about their student's health and well-beings and will try to do anything which is possible in our power to keep the students healthy.
